

The Pricing Guide

for Nikkels Photography Couples

Hello & Welcome, Friend!

A Congratulations is in order!! You are ENGAGED and get to call your best friend your Fiancé & are planning the wedding of your dreams!! We are genuinely excited for you both and can't wait for you to experience all the blessings that come with being married.

If you enjoy going wine tasting with friends, consider a charcuterie board an acceptable form of dinner, view chocolate is it's own food group, going on an adventure can be exploring a new country OR staying in and watching your favorite show together, then we are meant to be friends!!

We would describe our style and approach to photography as being joyful, comfortable and authentic! Being lifestyle photographers means that we give cues to help create real emotion and will do just anything to get a laugh. Having our couples do things like walking hand-in-hand, a tickle session, or sharing a secret will help create a natural reaction. We know you don't hop in front of a camera all that often, so we will guide you every step of the way.

Our mission is to earn the trust and respect of our clients, serve our clients wholeheartedly, and enjoy to the fullest each season of life with tangible memories in the form of photographs that our clients will cherish for generations to come. May you never forget to show love to those who matter each and every day.

TESTIMONIALS FROM PAST COUPLES

"We had such an amazing experience with Michele as our wedding photographer from the moment we booked with her, all the way up to the wedding day. Michele provided us with an amazing service and went above and beyond with helpful advice and suggestions making a very busy time so much easier for us. We couldn't be happier with how the photographs came out, a really amazing selection and they will be cherished. I couldn't recommend Michele enough, even on initially talking to her you'll know you've made the right choice and are in good hands." - Josh & Caitlin

"I loved Michele ever since our first phone call! Her passion for photography and to get every little wedding detail is amazing! The lighting in every picture and specific angles makes it extremely difficult to choose a favorite. She was with us every step of the way, letting us know what to look for throughout the planning process and remind us of any little detail we may have forgot. From the moment she arrived to the venue, she made sure I was comfortable, relaxed, and able to enjoy the day without the worry of staying on time. I cannot wait to use her again in the future!!" - Katie & Trevor

"After being referred to Michele and first getting to meet over the phone, I knew it was going to be a perfect fit. From the beginning, she went above and beyond to make sure that both our engagement shoot and wedding day photography went smoothly and enjoyably. Her great energy and passion for taking photos can only be surpassed by her kind and positive attitude that really made her feel like a fast friend. Michele made sure all aspects of the process were taken care of and that no small detail went overlooked. She is professional, reliable and relatable which is the perfect combination when you want both beautiful detailed shots as well as fun candid photos. My husband and I were thrilled with both our engagement shoot and our wedding day photos. They perfectly encapsulated what our day meant to us. Michele is the best choice for amazing photos and an all around great experience. Thanks Michele for everything!" - Kim & Joe
