### Wedding/Reception Menu

Thank you for considering DJ Hot Boy (and possibly my team) to enhance one of the most cherished nights of your life. We take wedding receptions seriously, and our equipment and performance will exemplify our commitment to excellence. I am NOT JUST A DJ, but I also service other DJs and DJ companies by providing them with lighting and other wedding reception elements to enhance their services. With that being said, my goal is it makes your reception nothing short of spectacular. Below are the standard packages I/we offer to aid you in making an informed decision. I don't expect you to be an expert in sound and lighting, so I've added: "suggestion notes" to guide you and help you make an informed decision. No matter which package you choose to fit your needs, our commitment to excellence as well as our ability to throw an awesome party will not change. All the packages will grant you and your guests' access to our app. The app will serve as our planning tool as well as a way to get your guest involved in the night. Lastly, all packages can be rearranged or substituted, or you can build your package. We also a "a la carte" menu that we can discuss if need be. The "a la carte" menu offers items that may not be included in the packages below. We will go into detail on all of the "A la carte" menu items at the time of our meeting. If you have any questions at all, feel free to reach out at any time.

### DJ Rates:

## Basic Package

- The "basic package" is a wonderful option for a venue that has a “house system” (sound and lights built into your venue rental agreement and temporally or permanently installed at the venue). The basic package is also great for the couple who have a contract with a production company that will provide all the decor, up-lighting, DJ lighting, staging, and sound equipment.

\*\*\*\*This package does not include any sound and/or lights provided by your DJ\*\*\*\*

- (1) DJ/emcee for up to 5 hours.

\$1,000

## Silver Package

- The "Silver Package" is a great package that is designed for a small room with a minimal guest list (about 50 guests or less). If you are planning to have a small private reception in a small room comprised of a few guests, this may be the package for you. The silver package is a nice setup, and it is very cost-efficient. The system sounds great, and the wash lights will bring another level of entertainment to your dancefloor as the colors change with the energy of the music. For a smaller reception, the silver package will look great, sound great, and get the job done for a great price. The silver package can be bundled with the 360-photo booth. The details are on the final page.

Silver sound/lighting package includes:

- (2) 15” JBL EON speakers (750 watts per speaker).
- (4) DJ controlled “wash lights” to illuminate the dance floor.
- (1) wireless microphone used for toasts, speeches, and responses.
- (1) DJ façade.
- For up to 5 hours.

\$1,250

## Gold Package

- The “Gold Package” is designed for a midsized room with 50-100 guests. The "Gold package" is a wonderful option for couples who want to step up the party atmosphere a bit from the silver package. The lighting ambiance of the room is controlled within the DJ area, adding a new level of enchantment and excitement to the room as the entire DJ area will illuminate and change colors with the energy and mood of the music. The gold package will also bring a heightened level of elegance with clean white totems and a DJ façade. Once the party gets going, the façade along with the totems will illuminate. The lighting will be choreographed and controlled by a lighting technician to enhance the production and allow your DJ to focus solely on providing a party atmosphere musically for you and your guests. The gold package is the preferred package for couples that desires an elegant look and has a guest list that loves to party but still wants to keep the night on a tight budget.

Gold sound/lighting package includes:

- (2) 15” JBL EON speakers (750 watts per speaker).
- (1) 18” subwoofer to help fill the room with music.
- (1) Lighting technician.
- (4) Technician-controlled choreographed “wash lights” to illuminate the dance floor and masterfully control the lighting of the room.
- (1) Elegantly illuminated DJ façade that will change colors choreographically by the technician along with the wash lights and totems.
- (2) Elegantly illuminated Totems that will change colors choreographically by the technician along with the wash lights and DJ façade.
- (1) wireless microphone used for toasts, speeches, and responses.
- For up to 5 hours.

\$1,500

## Platinum Package

- The “Platinum Package” is designed for a midsized to a large room with at least 100 guests. This package is an extremely elegant package that puts all the focus on the couple during key moments like the first dance. The platinum package has an upgraded sound system that can make any reception feel like a nightclub during the time of open dancing. The lighting ambiance of the room is controlled by a lighting technician from the DJ area but expands out from the dancefloor area seamlessly into the ballroom. With the ability to change the colors of the room seamlessly with up-lighting and spotlights on the dance floor, your pictures will look GREAT! Your photographer and or videographer will thank you for allowing the DJ to enhance your night and allowing the pictures to look like an enchanting fairytale. Once the time of open dancing starts, all of the features of the gold package will be there, but they are enhanced with moving heads and up-lighting. The platinum package is the preferred package for couples that desire an elegant look, have a guest list that loves to party, want pictures that will leave a lasting impression on anyone who sees them, and has a guest list of at least 100 people. If that’s you, this may be the package for you!

Platinum sound/lighting package includes

- (2) 15” JBL performance speakers (1500 watts per speaker).
- (1) 18” subwoofer to help fill the room with music and give the show an added punch.
- (1) Lighting technician.
- (8) Technician-controlled choreographed “wash lights” to illuminate the dance floor and masterfully control the lighting of the room.
- (2) Moving heads to spotlight the dance floor for first dance and other special moments and added lighting effects during the time of open dancing.
- (6) Technician-controlled par lights (ballroom up lighting) to illuminate and partially change the color of the room.
- (1) Elegantly illuminated DJ façade that will change colors choreographically by the technician along with the wash lights, up lights and totems.
- (2) Elegantly illuminated Totems that will change colors choreographically by the technician along with the wash lights, up lights, and DJ façade.
- (2) wireless microphone used for toasts, speeches, guest singers, special presentations, and responses.
- For up to 5 hours.

\$1,750

## Diamond Package

- This is the ultimate wedding and reception package! This package includes sound for your on-site ceremony, cocktail hour in a separate room, all of the bells and whistles from the platinum package, and MORE for the time of open dancing! The diamond package is a SIX-hour package to ensure your ceremony, cocktail hour, and reception are all covered. Your diamond package will include a wireless handheld or wireless lapel microphone for your officiant. A crystal-clear sound system loaded with your music for your wedding. You will also get a dedicated technician to operate the system to ensure your ceremony goes off flawlessly. The Diamond package also includes a separate sound system for your cocktail room loaded with great music to keep your guest entertained while you take photos in a separate location. Lastly, for your reception, you will receive our custom-designed “Enchantment package”. Everything from a superior sound system, to the most enchanting room lighting and light show available. With up to 24 up-lights, the room will transform throughout the night. Imagine your guest walking into an amber/yellow room and gazing at an illuminated monogram with you and your new spouse’s name affixed on the wall. Once you hit your first dance, the room shifts to a dim ice-white with a slight ocean-blue undertone towards the back of the room while the dancefloor area darkens and 4 spotlights shine on you and your spouse as you dance in the middle of the ballroom. Your first dance song hits its climax and 2 cold spark boxes fire on cue bringing a firework-style display into the room. Once your dance is done, the room lights comfortably fade up like a sunrise and now the entire ballroom is a light blue with a white undertone. Throughout the night, the room magically shifts colors as we build the energy toward open dancing. Once open dancing starts, the DJ along with the lighting technician presents a show that would rival a festival.

Diamond package sound/lighting package includes

- (1) Independent sound system loaded with your wedding music for ceremony.
- (1) Wireless microphone for your singer at the ceremony.
- (3) XLR plugins for musicians at your ceremony
- (1) Wireless microphone or lapel microphone for your officiant.
- (1) Professional mixing board to ensure all ceremony sound is perfect.
- (1) Professional DJ or sound engineer to facilitate the music for the ceremony.
- (1) Independent sound system loaded with an industry leading playlist for the cocktail room.
- (2) 15” JBL performance speakers (1500 watts per speaker).
- (2) 18” subwoofer to ensure a well-balanced sound and perfect music range for all types and genres of music

- (1) Lighting technician.
- (8) Technician-controlled choreographed “wash lights” to illuminate the dance floor and masterfully control the lighting of the room.
- (4) Moving heads to spotlight the dance floor for first dance and other special moments and added lighting effects during the time of open dancing.
- (up to 16) Technician controlled par lights (ballroom up lighting) to fully illuminate and fully transform the color of the room throughout the night.
- (1) Elegantly illuminated DJ façade that will change colors choreographically by the technician along with the wash lights, up lights and totems.
- (4) Elegantly illuminated Totems that will change colors choreographically by the technician along with the wash lights, up lights and DJ façade.
- (2) cold spark boxes that will literally add fireworks to your enchanting night.
- (2) wireless microphone used for toasts, speeches, guest singers, special presentations, and couple responses at the reception
- For up to 6 hours (including ceremony and cocktail).
