

*At JohnJ entertainment we are passionate about Music and passionate about making a memorable night for you and your guests. We know music – but you are unique and you know what you like. Of course, we have our favorite playlists, but we love working with your lists, too!*

At JohnJ entertainment we are as budget friendly as possible. We keep our prices manageable by keeping things simple. We start with an all-inclusive package that includes many extras! There are no surprising up-charges!

We also offer discounts for Military and First Responders as well as discounts for an intimate party size, location, and early payment. We save you hundreds by not using a rotating pool of DJs from a large company that may use a thumb-drive from another event. You get John and Mike, a highly talented team with over 20 years of experience that can read a crowd and make adjustments on the fly.

Our price WILL NOT be the highest. We are often \$300 - \$500 lower than the competition. We may not be the lowest. But I promise that no one provides a better value! We put an average of 30-40 hours in making your dream reception come to life!

John was such a pleasure to work with!! We had a wedding with 60 guests. He made our day stress free and knows how read the crowd to get the dance floor going the whole night! We appreciate everything John did to give us the most memorable night of our lives! We couldn't have been happier. Thank you!!

It was a Sunday wedding, which we worried would mean less partying and dancing, but that was an unfounded concern! John and Mike kept the energy up during the reception, with a great variety of songs that kept our older and younger family and friends on the dance floor. They MC'ed when appropriate and were professional at all stages.

John was a fantastic MC and DJ for our wedding. From the moment we hired him he worked tirelessly to make our day perfect. Music was an important part of our day and he exceeded our expectations! Our playlist was personalized for us, he had amazing choices in songs for all age groups, and the sound was excellent. We wrote up introductions for our bridal party and he executed each one perfectly. The dance floor was packed all night, and everyone raved about the music. John used excellent judgment throughout the night and always consulted us if he thought we should change something. I would recommend him to anyone looking for a DJ or MC for their event! You will not be disappointed!

I've been a waitress at a major ski resort in the Northeast for 10 years and have worked over 100 weddings. At a recent wedding, JJ played for 7 hours including a 2 hour cocktail party. I am usually exhausted after being pounded by music for 7 hours, but JJ's mix of feel-good oldies, smooth rat-pack and soul, toe-tapping country, power rock 80s and contemporary dance and funk had the dance floor packed all night - and we have one of the largest dance floors! Usually there are stretches of songs that I don't know or don't like but I found myself humming and moving non-stop all night long. I never had so much fun at work! I'm looking forward to the next time JJ hosts another event at our resort.
