# Step by Step PLANNING PROCESS

01

## Your Wedding Vision

Lets start things off with what your ultimate destination wedding looks like. I will ask alot of questions because I want to get to know you, your preferences & how I can help you. Typically this starts with you completing an inquiry form then arranging a quick call.

## Research & Proposals

If you've already chosen a destination or resort I'll start there. If we're starting from scratch, I'll take what you've told me and present you with recommendations. During this step I'll present wedding details & accomodation details for you to consider.

03

## Booking

Once we've narrowed down your destination & resort I'll coordinate with the resort to officially book your wedding date & accommodations. I'll provide deposit and booking details during this step and coordinate between you and the on site wedding coordinator.

04

## Guest Accommodations

Once we've officially booked your wedding I'll provide booking information for any wedding guests. I'll create a link and email it to all invited guest. During this step I can also create a google spreadsheet to track guest bookings as well as a Facebook group for you to add invited guests to for easy updates.

Karina

Jamaica Wedding/Honeymoon

Sarah was nothing short of amazing when helping me plan my wedding. I had no idea where to start, and she was so patient and walked me through every step. She helped me with booking our resort & wedding, helped out wedding guests book their accommodations, & coordinated between us and the resort to make everything so easy.

Emily

Turks & Caicos Wedding/Honeymoon

Working with Sarah was by far the best choice we made when considering planning our destination wedding in Turks & Caicos. She was attentive, detail orientated and truly understood what we wanted out of our dream wedding. She provided great recommendations and helped coordinate between the resort & our wedding guests so I didn't have to stress over all the travel details.
