Above are the examples of the Wedding Packages, which can be customized to your needs. When I learn about the kind of venue, the accessibility and difficulty in setting up, as well as the size of your wedding party and number of guests, I will be able to determine the final rate (the bigger the wedding party, the longer it takes for the guests to be seated and exit).

Outdoor events are possible weather permitting. The harp has to be shaded from the sun and protected from rain. Extreme wind might make it dangerous for me and my instrument, as it can tip over. I will help you work on a plan B, in case of a bad weather.

Thank you!
