FAQ

WE UNDERSTAND BOOKING YOUR WEDDING
CAN BE FRUSTRATING; WE WANT TO HELP!

CAN I CUSTOMIZE MY BUNDLES PACKAGES?

Absolutely! We love when couples book more than 1 service with us. However, we understand that not all services are alike. You can always book a service(s) for more hours than another. The only change that may occur is the discount offered for the bundle. Our Bundle pricing is based off of the hours offer for each service, changing those hours will effect the discount price.

WHAT TYPE OF MUSIC DO YOU USUALLY PLAY?

We have an extensive and diverse music library. We play a good mix of both old and new music, depending on our couples' preferences. We will work from a playlist if the client requests this of us.

DO WE HAVE INSURANCE AND CAN WE SEND IT TO YOUR VENUE?

Yes, B. Remembered Weddings and all of our Wedding Professionals are fully Insured. Upon request, we are happy to send a Copy of our Insurance to any venue. Please feel free to email info@brememberedweddings.com with your venues email and address for the Insurance. All copies of our insurance will be sent online and can take up to 24 business hours.

HOW EARLY SHOULD WE START PLANNING OUR WEDDING?

It is never too early to start planning! Most couples start planning after their engagement, about 9-12 months before the anticipated wedding date. If you are planning to have a long engagement, you should still begin planning the details, choosing a venue, and other vendors. The earlier you begin planning, the more options you will have.

WHAT IS OUR STYLE OF PHOTOGRAPHY?

Our team learns multiple styles of photography and we are there to work with you to match the style you are looking for. We will work with the surrounding elements such as the time of year and the locations to create beautiful art that you can have to remember your big day. All of our photographers use the same equipment and our editing staff can work to adjust the styles of your photos upon request.

HOW SOON BEFORE AN EVENT SHOULD I BOOK MAKEUP?

As soon as you know what day your event is, you should book makeup to reserve that date. However, I recommend scheduling your trial run within 1-3 months of your event, as weather conditions and seasons can affect the way makeup wears throughout the day.

As we move into a new year, the wedding industry is already buzzing with excitement about the latest trends for 2023. From statement- making décor to intimate ceremonies, there's something for every couple looking to tie the knot. Here are some of the top wedding trends for 2023:

INTERACTIVE FOOD AND BEVERAGE STATIONS:

Couples are opting for interactive food and beverage stations as a fun way to engage their guests. These stations can include anything from DIY cocktail bars to live cooking stations. They provide a unique and memorable experience for guests and encourage them to mingle and interact with each other.

UNEXPECTED ENTERTAINMENT:

Expect to see more unexpected entertainment at weddings in 2023. Couples are looking for ways to surprise their guests and keep them entertained throughout the day. This could include anything from aerial acrobatics to interactive art installations.

MINIMALIST DÉCOR:

Minimalist décor will continue to be a popular trend in 2023. Couples are opting for clean and simple designs that focus on the venue's natural beauty. This means using simple floral arrangements, neutral colors, and subtle lighting to create an understated yet elegant look.

UNIQUE VENUES:

Finally, couples are choosing unique and unconventional venues for their weddings. From art galleries to industrial spaces, couples are looking for venues that reflect their personal style and create a memorable experience for their guests.

SUSTAINABLE WEDDINGS:

As more couples embrace eco-consciousness, sustainable weddings are becoming increasingly popular. This means choosing eco-friendly and locally sourced options for everything from the flowers to the catering. Couples are also choosing to use reusable decorations or opting for rental décor options to reduce waste.

INTIMATE CEREMONIES:

2023 will see a shift towards smaller, more intimate weddings. Couples are opting for more personal celebrations with their closest family and friends, rather than larger events. This not only creates a more relaxed atmosphere but also allows for more personalized and unique details to be incorporated into the wedding.

BOLD COLOR PALETTES:

Bold, bright, and eye-catching colors will be popular in 2023. From electric blues to fiery reds, couples are looking to create a memorable statement with their wedding colors. These colors align with Pantone's Color of the Year - Viva Magenta. This trend will also see a rise in ombre and gradient color schemes.

In conclusion, 2023 will see a rise in sustainable and intimate weddings, bold colors, interactive food stations, unexpected entertainment, minimalist décor, and unique venues. Whatever your personal style may be, these trends offer plenty of inspiration to create a memorable and unique wedding.
