BUSINESS

We were very hesitant to hire a shuttle for our wedding to be honest. It was something extra we looked at adding on two weeks before the wedding. We are SO happy we did it and SO happy we went with Swoop in particular. They were amazing. Accommodating, friendly, detail oriented, personable and a great value. We heard so much positive feedback from our guests about how happy they were to have the shuttle and how helpful the drivers were.

Lauren Baker, Wedding – 9/3/18

We used Swoop for the Rehearsal Dinner, Welcome Reception and the next day for a large wedding (200 guests). Our guests have commented on how the shuttle service made the whole weekend work. We would certainly use them again for another event. They were wonderful.

Caroline Gelb, Wedding – 7/28/18

"I would recommend Swoop over and over again. For Twitter, the most important thing when producing events is to trust our vendors, and Swoop delivered. I didn't have one worry knowing Swoop was on the ground to support Twitter. It was amazing."
