

Services Offered

EJ Disco Lights is available to provide on location DJ services to weddings, corporate events and high school dances throughout Eastern Oklahoma, South Kansas (Wichita), West Arkansas (Fort Smith) and North Texas (Dallas). We schedule a consultation meeting to accurately give you a quote based on scope of work to ensure your most important day goes as planned. Meetings can be face to face or video conference with both bride and groom. We do not offer packages. One quote includes everything! Let us know if you don't want something. Quote is based on hourly work which consists of planning/playlist gathering, rehearsals, travel to and from location, set up and tear down of DJ equipment and lighting and high energy performance by the DJ.

- Social Booth (We partner with Foto Fusion Booths). Visit this link for discount and to make arrangements for their services. Photo booths allow your guests to do something fun while you mingle, and you get to see all the silliness that transpired while you were busy taking photography photos later.
