WHAT TO EXPECT

# BRIDAL TRIAL

Since hair and makeup is such an important factor, we recommend to schedule a bridal trial at least two weeks prior to the big day but 3-4 weeks is recommended.

During your styling session with your hair stylist, you will have up to 1.5 hours to test out any hair style you would like and tweak it how ever necessary.

Additionally, for the makeup portion of your consultation, one of our talented makeup artists will customize a look just for you!

Our attention to detail is impeccable! We truly take the extra time to go one step above to achieve all your beauty desires for your special day, because of the attention to detail we take you should reserve 1.5 hours per service trial.

## “IS A BRIDAL TRIAL REALLY NECESSARY?”

The short answer is YES!.

On one of the biggest days of your life, it's important to try to avoid any hiccups that may occur and make sure that the day goes smoothly.

A preview is a form of insurance for not only the bride but also the artist. In fact, many artists are starting to make a preview mandatory, and include it in their bridal rates.
