

You Get What You Pay For

An Allure Quest Travel Experience vacation offers peace of mind. We are experienced travel professionals in the business of planning travel for sophisticated people who demand individual attention to detail and execution of a well-planned vacation. Our service is based on personal experience and professional expertise. We research hotels, resorts and cruises to meet your specific needs, contact suppliers, coordinate transportation and draft itineraries.

Vacation planning involves much time, which is why we charge fees for our services. Fees due before work begins:

- \$75 per adult and \$25 per child ages 12-17 for individual reservations
- \$50 per adult and \$25 per child ages 12-17 for groups
- \$125 per adult and \$85 per child ages 12-17 for International travel (not including the Caribbean and Mexico)
- \$65 per person for group International travel.
- \$25 per person for flights only travel.
- NOTE: When we build more complex itineraries - including use of vendors that do not pay commissions - additional fees based on the level of work and time involved may be charged - with a minimum of four hours (\$50 an hour), due before work begins.
