

MENU

The following descriptions and rates provide information on the types of ensembles we offer, and assists in determining what would work best for your vision and budget. For clarification, the ceremony includes 20 minutes of prelude music, any music during a ceremony that is 30 minutes or less, and 5 minutes of postlude. Cocktail hour includes one hour of music. Each ensemble option has different repertoire lists and can be found on our website. Any music requests outside of the repertoire list will incur an additional fee.

Quartet

A string quartet includes two violins, a viola, and a cello, and is the traditional chamber ensemble used at weddings or events. The repertoire list for our string quartet is the largest of all of the ensemble options, allowing our clients to choose from a broad range of music. This option provides the fullest sound, including a bass line, multiple harmonies, and the melody.

\$1250 for the ceremony

\$1650 ceremony + cocktail hour

Trio

This option includes a violin, viola, and cello. A group this size projects very well in any space, whether it be indoor or outdoor. A major advantage to the trio instead of a full quartet is that you have almost the same sound with less cost.

\$1000 for the ceremony

\$1300 ceremony + cocktail hour

Duo

This option is best for a small event and features two instruments playing a harmony and/or bass line with the melody.

Our duo instrumentation can be either violin and cello, or violin and piano. If piano is requested, the client must provide a working instrument on the premises.

\$750 for ceremony

\$950 ceremony + cocktail hour

Solo

This option is best for very small, intimate events or an event with minimal space for musicians. A soloist plays the melody.

\$500 for ceremony

\$600 for ceremony + cocktail hour
