### What is Required:

- A dedicated 120v electrical circuit with an outlet located within 25 feet of the serving area.
- Please inform us if the distance to the outlet is further than 25 feet.
- Set up requires 7 - 10 feet of space: 5 feet for the espresso machine cart and an additional 4 feet for the buffet table and ice cooler.
- We require access to the serving area at least 1.5 hours before serving time.
- \*If the loading dock is not easily accessible from the set-up location, we will require more time.
