

VIDEOGRAPHY

WEDDING GUIDE

WELCOME

Hello! Congratulations on your engagement! We are so grateful that you reached out and are taking the first step in securing a wedding videographer. Videography is a necessity for documenting your big day, capturing all the sights, sounds, and emotions that you want to remember forever.

You are likely overwhelmed with all the wedding information out there, but don't worry - you're not alone. We are here to help you document one of the biggest days of your life so you have beautiful memories for years and years to come.

The information in this guide is meant to help you through all of your videography-related questions so you can relax and get excited for your big day.

If you still have questions, don't hesitate to give us a ring or send over an email! We are here for you every step of the way.

WHAT'S NEXT?

We will schedule a consultation call with you to help guide you through your options. When you're ready to book, we will send you a custom proposal where you can view & sign our contract and pay your 20% booking fee.

After booking, we'll stay in touch to help plan your big day!

YOU HAVE QUESTIONS

Q: Why do I need a videographer?

A: Hands down, a videographer is the best investment you can make on your wedding day. While photos capture all the pretty moments, a video will capture the sights, sounds, and emotions. The most important part of your wedding day are the vows you make to one another, and those cannot be captured through photos alone. Invest in your marriage & get a videographer.

Q: Do you travel?

A: Absolutely! We are based in Eastern Kentucky, but we will travel far and wide to document your love story. Whether you are from out of state or considering an elopement or destination wedding, we would love to meet you where you are. Because we love to travel, we charge minimal travel fees. Let us know the details and we'll work something out!

Q: What equipment do you use?

A: Our main camera is the Netflix-approved Canon C70, with our secondary camera being a Canon EOS R. We have a variety of lenses to get the best angle & use stabilizers to keep footage steady. We have audio recorders & on-camera mics to make sure we get the best possible audio of your wedding day.

Q: Do you backup footage?

A: ABSOLUTELY. With two videographers, we have an automatic backup on a second camera. As soon as possible, we transfer footage & backup to two different sources. Your footage will exist in three places until it is safely delivered to you.

WE HAVE ANSWERS

Q: What is your turnaround time?

A: Our average turnaround time is around 12 weeks, but we would never rush your wedding film in order to meet a deadline. We take our time creating a custom wedding film for each couple, instead of mass producing cookie cutter videos. All of our collections include a 30-60 second teaser video delivered within 1-2 weeks of the wedding so you can relive your wedding day while you wait!

Q: Do you offer drone coverage?

A: Yes, weather and location permitting. Austin holds a Part 107 Certification from the Federal Aviation Administration so he can safely and legally fly a drone. We cannot fly in certain weather conditions and some locations may have restrictions.

Q: What is a cinematic wedding film?

A: A cinematic wedding film is basically a mini-movie of your wedding day. We combine music, audio, and video to craft a custom film that tells your story in a concise way. It includes moments from your entire day, from the wedding day prep to the final dancing, with audio from the wedding woven throughout. We strive to create a video that makes you feel like you are reliving your day when you watch it.

Q: How are my videos delivered?

A: All collections are delivered digitally. We will send you a link to a custom website where you can view and download your videos. As an add-on, you can purchase custom USBs or a video playbook to put your video on display.

Q: How do I secure my date?

A: Dates are secured upon booking! All booking can be done online for your convenience. We will send you a proposal where can view & sign our contract and pay your booking deposit. Once we receive a signed contract and deposit, you're booked! Most people book 9-12 months in advance, so we recommend you book quickly!
