

## ***Pricing Info 2024***

**Congratulations on your engagement!** Thanks for considering us in your search for the perfect wedding music. We want to do everything we can to make sure we achieve your vision for the day – it's your party, after all! A typical reception in the Milwaukee area is usually in the range of **\$3000-3500** for the event, and 80% of what we've booked in the past couple years falls into that range. If that gives you the info you need, read no further. If you want more detail, continue on!

Our pricing is determined by three main factors: *total time of engagement (from load in to load out), services you require, and travel.*

- 1) *Total time of engagement:* when we're not performing, we don't want to be noticed – we want the focus to be on you and your family and friends. So we would like to make sure we are set up and soundchecked prior to guests arriving on site. Usually this means we're arriving 2-3 h prior to guests. If your event is on private property and we are able to set up while other events are happening, let us know. And of course, we will work with your venue to make sure we can abide by their guidelines. Again, our intention is to avoid interfering with any of the proceedings.
- 2) *Services you require:* we offer a variety of services for your big day, but all of them are centered on the dance portion of your reception. We have a wide selection of songs from the '60s thru today and *our set list is customized to your requests.* We will send you to a google form that will allow you to select and rank our song list to give you the most of what you want, and nothing you don't.

Do you have a special request for the first dance, or another featured dance? Go ahead and request it – and we will do our best to perform that song live for you. If it isn't up to our standard, we will let you know in advance, and we can always play a recorded version from a tablet or smartphone.

Our base cost covers *3 h of planned dance time*. If you are having a longer dance for your guests, we may add a little more to our base cost, but it will likely be on the order of ~10% extra. We are not in the business of nickel-and-diming you for each minute we play. We can also easily provide pre-recorded music from a tablet or smartphone thru our PA during the cocktail and dinner hour at ***no additional cost*** – as well as any set breaks. This can be your own playlist, or one that we have ready to go on our tablet.

Additionally, we can provide live or recorded **ceremony music** as well as live music during the **cocktail hour** if desired – just ask if that's what you're thinking. Also as needed, we have access to additional equipment/rentals – just let us know and we can work with you to achieve your vision! If you need an **emcee** for the grand march or other various announcements, we've got you covered!

- 3) *Travel:* if your wedding is more than an hour drive from downtown Milwaukee, we will factor travel charges into your quote. If an overnight stay is needed, we will ask if you can either provide motel rooms or an AirBnB for the band members, or we can add the cost of our stay to the quote. All of this we will discuss with you.

Please message us if you have any questions or ideas surrounding your reception! We look forward to hearing from you!
