

WEDDING & EVENT PLANNERS

Wedding Planning Packages 2022-2023

Prices are subject to change based on travel & accommodation costs and extra time and care (depending on vendors needed to be arranged etc.). Prices are based on a **10 hour** timeframe. If more time is needed that can be negotiated for an additional cost of \$150 per extra hour. **50% deposit** is due with signing of contract. All sales are final and **full amount is due 30 days prior to the wedding date**.

Day of Coordination: starting at \$1,500

This includes set up of minimal decorations (we are not liable for physically setting up tables and chairs), coordination of flow of the day, vendor check in/out.

Rehearsal is not included in this package. If rehearsal assistance is needed, take down assistance or an additional day for set up is needed please, see Day of Plus or other package details.

Day of Plus: starting at \$2,250

This includes all things in day of coordination, day before rehearsal/ run through assistance and/or site visit, vendor check in/out and vendor suggestion(s)

*This package does include **vendor suggestion for 1-2 vendors**. Any more than that required will fall under full planning as that takes more time. NOTE: we suggest vendors but do not book them for clients. It is up to the client to arrange payments and contracts with ALL vendors themselves. We cannot be a part of vendor meetings for this option, again because of extra time.*

Full Planning: starting at \$4,500

Entire planning of wedding, day of coordination, day before rehearsal, site visit, any vendor organization, set up, budget breakdown (not making the full budget, but can give a guide on how to breakdown your total budget), time management (what should get done at different stages leading up to wedding), wedding timeline creation, "must have list" creation for photographer, and etc.

We can be a part of vendor meetings for this option, with enough notice given for each meeting. And mostly via video chat, unless in our area of operation or happen to be in the area already.

Full Planning Plus: starting at \$6,500

All the perks of Full Planning plus ancillary wedding party planning: engagement party, bridal/co-ed shower, rehearsal dinner, day after brunch, etc., **wedding day errands**: pick up/drop of tuxedos/suits, dresses or other items, delivering welcome baskets, store runs, decorating hotel rooms etc., gift basket coordination **(not including assembly or delivery)** online research and suggestion of items to go into baskets.

*These packages are for guest counts of 50+ guests. If expecting lesser than 50 guests, please see ask about our micro wedding/ elopement options. *
