2021 Wedding Package Pricing

Our wedding packages start at \$1800 & include full printing rights. All packages include an online gallery & a USB flash drive with full-sized high resolution files. I encourage you to buy prints through me, but you also have printing rights to print with a vendor of your choice. From the online gallery, your friends & family can purchase prints from the wedding or photobooth, or download free digital copies. To reserve the date, I require a \$600 non-refundable deposit, which is deducted from the package total. The remaining balance is due on or before the day of the wedding. I also take payments in installments throughout the year prior, if needed.
