# Booking

We recommend booking your date and getting on our calendar as soon as you are able. In order to uniquely tailor each one of our wedding film packages and provide each couple with the same time and attention to detail, we only book one wedding per date and limit the total number of weddings we film each year.

Typically, we tend to book sooner rather than later with most of our couples booking 8+ months in advance for non-peak dates and 12+ months for peak dates.

After you pick the perfect package, we require a 35% non-refundable deposit to lock in your date on our calendar and then we are 100% official.

# Experience

## GETTING READY FOR YOUR BIG DAY

*In order to get ready to capture your epic wedding day we'll reach out to you about 6-8 weeks before your date to start gathering all the details. From locations to timing, we'll work with you to make sure we capture every amazing moment and memory.*

*Once all the details are perfectly in place, we can take it from there and be ready to capture your entire day without any worries.*

## WORRY FREE WEDDING DAY

*We don't want you to have to worry about anything on your wedding day, especially not being somewhere to capture a moment. That's why we work one-on-one with you to design and provide comprehensive coverage so you don't have to worry about us not being there to capture a moment. So you can relax and know that you are in good hands and just focus on the enjoyment and celebration of your wedding day.*
