Currently Offered Wedding Packages

See *End of Document* For Add-ons, Drone Footage, Travel Fees, FAQ & More

1. Original. (Read if also interested in other packages)

Overview:

+8 Hours of Coverage

+Fully-Shot & Recorded Ceremony, Speeches, Dances

+Highlight Film (Under 10 minutes)

The starting rate package and the first package I began offering with El. H Cinematography, this premiere film package is affordable for any budget and includes all the essentials for your wedding. With the Original Package, you will receive a raw, minimally edited video of the entire wedding ceremony with multiple camera angles. The video will be shot in HD or 4k unless otherwise specified, and the audio will be recorded at the highest definition quality possible with wireless lavs and shotgun mics. The finished video will include smooth transitions between multiple angles taken during the ceremony so there is depth, dimension, and variety in the video.

In addition to the ceremony, you will receive a video of all of the speeches, toasts, and dances, recorded the same way and edited in a similar fashion. I edit transitions and title cards before each speech/dance with the names of parties involved and a description of the video for your convenience and clarification **upon prior request**. An example of this would be John Smith (Father of the Bride) - Toast Speech.

Also, I will edit a Cinematic Short Highlight Film from the entire wedding day. The trailer will feature authentic moments such as the first look, getting ready shots, the first kiss as a married couple, detail shots, the send off, but these are only a few examples! I'd like to emphasize that every trailer I make is completely unique to each wedding and couple. I aim to capture the dynamic of your relationship and the excitement from the day in an authentic, original way. Even though the finished film is on the shorter side and will average 8 minutes, I aim to give you a finished piece that has a significant, personalized meaning and a timeless quality. This highlight film might be brief but is powerful and can capture all of the feelings and mountain top moments from the wedding day. It's also perfect for sharing on social media or with friends, family, and wedding guests due to its size and running time. Check out my website for specific examples of wedding trailers.

And that's not all! In addition to the videos of the ceremony, speeches, and dances, I will also give you a minimum of 3 High-Definition Film Stills from the wedding day that are perfect for social media sharing, or even getting professionally printed and framed for your home! Three is the minimum but I typically have more to share. These are ultra-high definition images that are absolutely stunning and edited with my signature El. H Cinematography preset that is featured in the highlight film.

The rate for the El. H Cinematography Original package is an all-inclusive flat rate of **\$1,500** for the time, preparation, and cost of resources it takes me to film the entire wedding day plus the cumulative hours of editing time. The Original Package along with the other wedding packages include distances up to 50 miles outside of my home base of Atlanta, GA. See E.O.D. for more information about travel fees.

2. Classic.

+Full-Day Coverage (2+ Videographers)

+Feature-Length Film of the Day (Classic wedding-documentary style)

+1-2 Minute Teaser

+Highlight Film (Under 10 Minutes)

+Drone Footage Included

The Classic Package includes everything that the Original Package offers (videos of the ceremony, speeches, and dances + short wedding highlight trailer) **plus** an additional Wedding Day Film that captures and showcases the entire wedding day from start to finish. The Classic Wedding Film is the length of a feature film, typically est. 60-80 total minutes but can go up to 90 minutes as it includes the wedding ceremony, speeches, etc. The final running time is very much dependent on the length of the actual ceremony and speeches.

In terms of style and editing, the Classic Wedding Day Film is less edited than the Feature Wedding Day Film or the Short Highlight Trailer. I still use a variety of angles and shots for the Classic Wedding Day Film but the final product is more documentary, observation-like and aims to capture the natural progression of events during the day. The Classic Wedding Film will include music, overlaid during the entire film and parts of the ceremony (if the music quality during the ceremony itself isn't loud enough), for your enjoyment and viewing pleasure.

Along with the Classic Wedding Day Film, I will give you a minimum of 5 High-Definition Film Stills from the wedding day!

The Classic Package is a flat rate of **\$2,500** and it includes the time it takes to film the entire wedding day plus the cumulative hours of editing time. The Classic Package along with the other wedding packages include distances up to 50 miles outside of my home base of Atlanta, GA. See E.O.D. for more information about travel fees.

3. Feature.

+Full-Day Coverage (2+ Videographers)

+Full-Length Feature Film Of the Day (Cinematic styled-film)

+Highlight Teaser Film (Under 10 Minutes)

+1-2 Minute Teaser

+Drone Footage Included

The Feature Package is my signature wedding package and the package I pour myself into. The Feature Package truly stands out from the rest. I will edit a feature film of the entire wedding day and

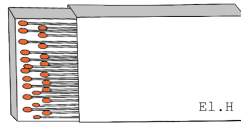

create a truly remarkable and original art piece that is meant to be watched and enjoyed over and over again!

In practical thinking terms, it's going to look a lot like what the short highlight trailer will look like except the length of a feature film (est. 45-70 total minutes in running time). The length can go up to 90 minutes as it includes the wedding ceremony, speeches, etc. The final running time is very much dependent on the length of the actual ceremony and speeches.

The Feature Wedding Day Film is highly edited and made into a film that not only is beautiful to look at but tells a story all on its own. The Feature Wedding is different from the Classic Wedding Day Film in that it not only captures the day's events but adds a cinematic and artistic signature to the wedding day.

Along with the Feature Wedding Day Film, I will give you a minimum of 10 High-Definition Film Stills from the wedding day!

The Feature Wedding Day Film is a flat rate of **\$3,000** and it includes the time it takes to film the entire wedding day plus the cumulative hours of editing time. The Feature Package along with the other wedding packages include distances up to 50 miles outside of my home base of Atlanta, GA. See E.O.D. for more information about travel fees.

Traveling Fees & Destination Weddings

First off, thank you so much for considering me as your videographer if you're not a Florida/ Georgia local and/or if your wedding is outside of my main area! I love being able to travel and explore new venues, it's always a delight to be able to travel for your wedding - and that's why I try to keep my traveling fees as low as I possibly can. All of my traveling fees below are a flat rate and factors in the time it takes me to travel round trip to your destination, the amount I will spend on mileage, and if accommodations will be needed. I've just recently moved and am still willing to accommodate for Tallahassee, North Florida and South Georgia weddings, please ask me about a discount travel fee.

1. Any Destination Under 50 Miles:

Included with Wedding Package

2. 50-100 Miles:

The Travel Distance in Miles = The Total Amount in USD = (Ex: 55 miles = \$55.00 USD; 100 miles = \$100.00 USD)

3. 100-250 Miles:

\$250.00 USD

4. 250 Miles and Higher, Destination and/or Out of My Region Weddings:

This is custom to your destination and will be determined over a phone or video meeting, it's dependent on if I'm able to drive to the location or if I'll need to book a flight plus possible nightly accommodations.

FAQ

1. How far in advance should I book your services?

I'm very flexible with booking. We can book as far out as you would like, preferably up to 2 years. I also tend to be able to do last-minute weddings within a few weeks' notice due to the fact I only take on a couple weddings per month. It should be noted that I require a 35% deposit to hold a booking.

2. Can I review the video before it's finalized?

Absolutely, I will send a rough draft to you before the final video is done, I'm open to any notes or possible changes you would like done. While I'm open to revisions, please note I won't accommodate any large changes concerning style or editing, as that would compromise artistic integrity. **The filming of the wedding is less than a quarter of my work. Make sure my editing, coloring, and storytelling style is to your preference.**

3. Can I help pick the music for the video?

If you have any strong preferences I will try my best to accommodate them. I usually can do this for the full wedding film but any short videos you're wanting to share on social media platforms or many online have copyright laws that may prevent me from using specific songs.

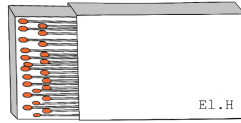

4. What can I expect from your services? How would you describe your work?

Thoughtful, moving, authentic visuals and strong storytelling. Clear, professional communication. Flexibility and enthusiasm.

5. When can I expect the final product to be finished?

I pride myself on getting you all of the videos in **3.5 months total time**, but it varies depending on the package you chose. For all of the packages, expect the Short Highlight Video to be done in a month. Depending on my timeline with other projects, I might even have the highlight piece done by the following weekend or week after. All of the individual videos of the ceremonies, speeches, and dances will be finished by the three month mark after the event date. As for the Classic Wedding Film, expect the video to be done by the same time.

The Feature Wedding Film is usually also done by the three month mark, but because of a longer editing timeline due to the nature of the film style, it could take longer (1-2 months extra) depending on the wedding event. Please be patient with the Feature Film as I want to make sure you're getting a polished, revised, and signature film that takes your breath away.

Extras & Add-Ons

Drone Footage in 4K UHD - **\$150.00**

Please Note The Classic, Feature, and Photo+Video Packages Already Include Drone Footage

You'll receive with your add-on:

- Raw HD footage over-head of the venue (typically filmed at the beginning of the day and/or towards the end or at sunset)
- Drone shots will be featured in all videos (including the teaser)

Please note: This is currently an add-on feature as most venues now require a separate licensing that I have to obtain and pay for in order for me to fly my drone at the venue and use the footage I obtain commercially. Additionally, I will arrive earlier in the day to set up and fly at an empty venue.

Rehearsal Dinner Filming - \$250.00 (Please inquire for a custom offer if your wedding is more than 50 miles from my home base in Atlanta)

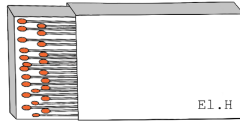

You'll receive with your package a choice of:

- Raw footage of the entire Rehearsal Dinner (in UHD 4k including speeches, rehearsals, slideshows, etc.)
- Classic wedding documentary style film of the Rehearsal Dinner. This can be a stand-alone video or added to the Wedding Day film.

Raw Footage of the Entire Day - **\$ 200.00**

You'll receive along with all of the Raw Footage:

- Full rights for personal use and commercial use
- Breakdown of price: transfer of large files, purchase of commercial use and copyright agreement

El.H Cinematography

Photo + Video Special

\$3,750

+Unlimited Edited Photo Gallery, with Full Rights (500+ photos minimum)

+Videos of Fully-Shot & Recorded Ceremony, Speeches, Dances (4K UHD)

+Highlight Teaser Film (Under 10 Minutes)

+2-3 Shooters (Including Myself)

+Drone Footage

+**Free** Add-On: Raw Footage or Photo Book

+Optional Add-Ons:

-Documentary Full-length Film Of the Day (Observational styled-film) (+**\$250**)

-Full-Length Feature Film Of the Day (Cinematic styled-film) (+**\$750**)

-Engagement Session Filmed *and* Photographed (+**\$250**)

This is the newest package I've started offering – and I'm so excited to incorporate it into El. H

Cinematography! Before I dove into the world of video, I started as a photographer! I even spent time

working at Disney as a Digital Photographer. I've wanted to lean into photography again recently, and

this seemed like the perfect opportunity. I knew I couldn't do it by myself, I only have so many hands!

Now I have a roundup of second shooters that I trust to carry out my vision. I'm so excited to create a

film and a photo gallery that has a constant theme (similar editing and coloring). The finished look will

compliment each other and give me the opportunity to pour myself into the details. Let me tell your

story through both mediums! The cost of this special is **\$3,750** and is a flat rate that covers the filming and editing time & resources, cost of production, and additional costs to cover the second shooter(s).
