# Tap Truck Orlando

July, 2022

## Packages

We want our clients to keep in mind that we are a professional mobile bar. We take pride in creating a memorable experience by going above and beyond to exceed expectations. Each package consist of a 1,500\$ minimum for three hours of service which will include Tap Truck, logo bar/bars, logo table, logo cups, ice, insurance, and beverage delivery. Every hour after the initial three hour minimum will be 250\$.

## The Standard

The standard is best for small gatherings of 100 guests or less. This package will consist of our clients requesting specific beverages and the amount of beverages for the event. The beverages will then be pre-paid but the client along with the initial minimum. Pricing for beverages will range from 130-220\$ per ½ barrel keg (Options for liquor, wine, or champagne will be seperate).

## The Unlimited (Best for Weddings)

Our unlimited option is best for weddings and larger private events. Along with the minimum service fee, there will be an additional 15-22\$ cost per person for unlimited beverages for the event. Pricing for each person will be determined by beverage selection by the client.

**Contradictory to the Standard package, the Unlimited package takes away the stress of not having beverages available for the entirety of the event. Making this ideal for weddings.**
