

OFFICIANT PACKAGES

The approach we use to create your wedding ceremony, whether for a micro-wedding, elopement, or a large wedding, is very different from other wedding officiants. You and your partner are encouraged to be a part of the creative process from start to finish. Every ceremony is customized to reflect your values, beliefs, backgrounds, personalities, and relationships. This allows for creating a ceremony that truly reflects who you are as a couple. Initial consultations are always free.

We Do \$400**
