

WEDDING DJ PRICING LIST

Let your Big Day be everything you've dreamed!

We truly understand that choosing your DJ is a very important part of planning your wedding day. Your DJ not only emcee's your event, but, by working closely with your other vendors, controls the flow of the day. We believe that setting the atmosphere and staying on schedule are big responsibilities and take them very seriously. It's important to us that everything feels exactly the way you want and goes as smoothly as possible.

Your DJ will work with you ahead of time to make sure that he is aware of exactly the mood you want. To make it easy, our planning tools will help you to communicate your wedding details, create a timeline, and choose songs that reflect your personal tastes while, at the same time, keeping your guests involved. Our close attention to detail will ensure you and your guests have a day fondly remembered for years to come!
