DAY-OF COORDINATION

Do you have most of your event planned but would like to hand the reins over on the day of your event? With this package, we assist in developing the detailed event timeline 60 days prior to your wedding and help you check off your final to-do lists. We become the point-person for vendor communication in the final two weeks. On the day of your wedding, we arrive early to assist with set up/decorate, run the timeline and troubleshoot, and stay late to collect personal items and turn over the venue so that you can soak in and enjoy your day.
