

Weddings at The Redwoods In Yosemite

♡ —

Thank you for considering The Redwoods In Yosemite as the venue for your upcoming wedding and reception!

We are located inside Yosemite National Park just a few miles from the Mariposa Grove of Giant Sequoias. Hiking, fishing, swimming, golf, spa services, shopping, horseback riding, steam train tours, and the historic Wawona Hotel, Museum and History Center neighbor our properties.

The Redwoods is the perfect choice for a wedding or reception. Our wedding site location can comfortably accommodate up to 80 guests. Our Event Center seats up to 80 guests on banquet rounds with an attached 1,200 square foot deck that can accommodate up to 60 guests with a head table or buffet for dining and dancing. Several of our vacation homes have beautiful event space as well.

We offer a variety (over 110), fully equipped vacation homes providing a “home away from home” experience for your friends and family. Once you choose The Redwoods for your event, we will set up a group booking discount, and your guests will receive a *20% discount off their stay (extended two days pre and post the day of the wedding) and enjoy a mini vacation of their own!

**A 10% group discount is extended during peak times.*

Weddings at The Redwoods do not require the additional fees and permits that are needed for events on the National Park property.

We would love to give you a chance to tour our wedding venues and homes so that you can personally experience all that The Redwoods has to offer. Please contact us if you have any other questions or would like to schedule a site tour.

We look forward to the opportunity to host you and your guests and hope to see you soon!

THE REDWOODS — IN YOSEMITE —

Frequently Asked Questions

May I decorate the room and deck?

Of course! Decorations are allowed as long as they do not leave permanent marks in windows, doors, walls, or flooring. We recommend non-stick or non-adhesive tape. No nails, tacks, or staples are allowed.

What kind of facilities does the catering kitchen have?

- Microwave
- Small convection oven (2x3 ft. approx. size)
- Two-section refrigerator
- Triple sink
- 5-ft. counter space for preparation.
- Ice machine
- Small prep deck with 2 propane BBQs if you arrange to use them ahead of time.
- Two tables with benches
- Three electrical outlets on the Caterer Deck perfect for warming ovens.

May I rent the Event Center without renting cabins?

A minimum of ten room night rentals are required in order to be able to reserve the event space at The Redwoods.

Can I work with my own caterer?

Yes. We know how important it is to have just the right caterer for your event. We require that all caterers must be licensed, but beyond that we want to make it as easy as possible for you to work with someone that you adore.

May I cook in the Event Center kitchen?

No. The Catering Kitchen associated with the Event Center is perfect for staging food prepared by your caterer, but do not plan to cook there. If you are looking for a large space to cook, you might consider renting the El Capitan cabin. With a 48" American Gas Range with center griddle and 2 ovens, a sub-zero, side by side refrigerator/freezer large enough to accommodate party trays, and more, this expansive kitchen area is a caterer's dream.

May I store my food and beverages in the Event Center Kitchen?

Although the Event Center Catering Kitchen does have a commercial refrigerator, you should plan to store food in your cabin until the day of the event. Food may be stored on the day of the event ONLY. PLEASE NOTE: The Redwoods in Yosemite is not responsible for any food or beverage that is stored in our building.

May I store supplies in the Event Center?

You are welcome to store supplies in the Event Center during the days that the Event Center is rented by your group. We strongly recommend that any valuable items should be kept in locked containers.

May I set up the day before my event?

If you want to set up the day before your event, plan to rent the Event Center for that day as well. If you do not secure the space, it may be rented by another group.

May I bring in music?

Yes! We do not currently have a sound system, so please feel free to bring your own music. Quiet time is 10pm and is enforced by the Park Rangers. Your musician must be instructed that due to our proximity to a residential area, music played must not include offensive language.

THE REDWOODS — IN YOSEMITE —

Frequently Asked Questions *(cont.)*

How late can I have my party?

10pm is closing time for the Event Center.

May I use twinkle lights? Are there places to plug in by the deck railing?

Yes! Adding twinkle lights to the deck lends a beautiful atmosphere to that area, and there are outlets available below the deck to power them. If you'd prefer to bring your own lights, we will work with you to ensure that you bring the right kinds and lengths of extension cords for your needs.

Do my guests have to pay the Park entry fee?

Yes.

How many parking spaces do you have?

The Event Center parking is limited. Fortunately, it is only a short distance from many of the nearby rental cabins, so it should be easy for your guests to make the short stroll from their cabin or arrange a quick carpool.

What is your alcohol policy?

Caterers who provide bar service are required to supply a copy of their Caterer's Permit (License 58). Please contact your caterer or bar service for verification of alcohol policy.

Can I use the fireplace(s)?

A crackling fire lends a cheerful ambiance and extra warmth in the cooler months. If you think you might like to use the fireplaces during your event you **MUST** contact us for permission ahead of time. Due to restrictions set by Yosemite National Park, fireplaces can only be used during certain times of year and are subject to other regulations. If allowed, Event Center Staff will happily handle loading and lighting the fireplaces for your use. Groups are not allowed to light or load the fireplaces on their own.

What is the smoking policy?

Designated smoking areas are located outdoors on the south side of the Event Center. Please use the provided smoking receptacle. California State Law requires no smoking within 20 feet of a doorway into the Event Center or Lobby. No smoking is allowed on the Event Center Deck. The fireplaces may not be used as ashtrays.

Is drone photography allowed?

Inside Yosemite National Park, drone photography is prohibited.
